

Barbara Bush

Dear Friend -

I am writing to urge you to vote and to vote for Jeb Bush. People ask me if I wanted Jeb to run. The answer was No as the sacrifice for his family was huge. I changed my mind as it became clear that he is needed. I admit to being prejudiced as I am his mother.

I am asking you to look at his record as governor of Florida. He cut taxes every year, balanced the Budget, helped Florida create over one million jobs, improved Florida schools and tripled the number of charter schools. Scores went up! He cut State bureaucracy by 11% and vetoed pork spending by both Parties, Republican and Democratic. We need him bringing these same reforms and accomplishments to Washington, D.C.

Jeb is wise, caring, loyal, even tempered and a strong leader. These are tough times and we need a strong leader. Jeb is a strong and proven leader. Please vote for Jeb.

God Bless you and our beloved country

Barbara Bush
