Kristen R. Graziano
Sheriff
County of Charleston, South Carolina
3691 Leeds Avenue
North Charleston, SC 29405

Dear Sheriff Graziano,

We write regarding the sanctuary policies you have implemented in Charleston County in your capacity as Sheriff. Your policies embolden criminal illegal aliens and endanger the residents of Charleston County and our surrounding communities.

From the moment you were sworn in as Sheriff, you have systematically dismantled immigration enforcement in Charleston County. You have also made every possible effort to turn Charleston County into a sanctuary jurisdiction. Under your leadership, the Charleston County Sheriff's Office has refused to provide U.S. Immigration and Customs Enforcement (ICE) with adequate hold time to assume custody of illegal aliens and refused to provide ICE with notification you have an illegal alien in custody prior to their release. In fact, Charleston County has been recognized as a non-cooperative institution by ICE.¹

In other words, you are purposefully and systematically allowing criminal illegal aliens to roam free in Charleston County and surrounding areas. You are purposefully putting local residents at risk, adults and children alike.

This is not an isolated incident. According to ICE data, since Fiscal Year 2021, your office has refused to honor at least 51 detainer requests issued by ICE – opting instead to release these criminal aliens into our communities.

On August 23rd of this year, your office refused to honor an ICE detainer request for an illegal alien who had been arrested and charged with two counts of criminal solicitation of a minor – and instead released this criminal illegal alien on bond. This criminal illegal alien attempted to

have sex with a child, and instead of cooperating with ICE you released this illegal alien, and alleged pedophile, back into our community.

This is disturbing. This is sick.

As you are aware, Section 287(g) of the Immigration and Nationality Act (INA) authorizes ICE to enter into agreements with law enforcement agencies to delegate the authority to perform certain immigration officer duties to state and local law enforcement officers under ICE's direction and oversight and to identify and remove criminal aliens from our communities.²

Prior to your tenure as Sheriff, Charleston County had a 287(g) agreement in place with ICE and worked hand-in-hand with ICE to enforce our nation's laws and protect our communities from criminal aliens. On your first day in office, you terminated Charleston County's 287(g) cooperation agreement with ICE.³

Since you terminated this agreement with ICE, the Charleston County Sheriff's Office:

- No longer arrests illegal aliens they encounter
- No longer detains illegal aliens prior to immigration proceedings
- No longer turns over criminal illegal aliens to ICE for removal proceedings

Given the invasion at our southern border, we are outraged by your disregard for our nation's laws and your failure to cooperate with ICE to keep our communities safe. In light of this, we request you provide our office with the following information by October 15, 2024:

- All email and text communications between any employee of the Charleston County Sheriff's Office and any employee of ICE
- All documents relating to detainer requests issued by ICE to the Charleston County Sheriff's Office
- All documents relating to illegal aliens apprehended by the Charleston County Sheriff's Office, including the criminal charges brought against each alien and whether the alien was released from custody
- All internal email and text communications between employees of the Charleston County Sheriff's Office pertaining to the termination of the 287(g) agreement between Charleston County and ICE
- All internal email and text communications between employees of Charleston County Sheriff's Office pertaining to ICE, detainer requests, and expedited removal orders

Further, we demand you immediately cease these sanctuary policies. Using the office of Sheriff of Charleston County to advance a far-Left agenda which puts illegal aliens over the safety of

our communities and our state is out of step with our Lowcountry values and puts South Carolina citizens at risk.
