Good Morning

After being in contact with Ms. Tyson's Lawyer, I decided to give a written statement instead of a phone interview on your questions about Sydney Tyson. We cannot provide any details regarding her employment other than her hire date of May 2024 after an extensive background investigation was conducted. In light of a recent court order, the person who has made previous allegations against Ms. Tyson has been deemed unreliable. You mentioned an audio recording from 2021 involving Ms. Tyson. That audio recording has never been proven to be her, nor has she ever admitted to that being her or making any statements. The recording was deemed unfounded and unauthenticated. Any predicated accusations that have been unfounded have no bearing on her employment with the City of Wellford. Due to pending litigation, anything published that is not true could result in possible slander, libel, or defamation lawsuits. Thank you for your time, and if I can help in the future, please let me know.
